The University of California, Irvine, Program in Public Health invites applications for a faculty position at the Associate Professor level, with expertise in epidemiology and biostatistics. This is a full-time tenured appointment. A doctoral degree (e.g., PhD, DrPH, or MD), university teaching experience, and research excellence in a relevant field are required.

Candidates with substantial research experience in any area of epidemiology or biostatistics are welcome to apply. Teaching experience should include epidemiological research methods and/or applied biostatistics at the graduate level. The successful candidate will produce nationally recognized research, teach and mentor graduate students, obtain independent or collaborative research funding, and provide professional service to the program, the university, and/or the community.

The Program in Public Health recognizes the value of diversity in its faculty and encourages all qualified applicants to apply. The qualified applicant must have the demonstrated ability to work with diverse group of colleagues and teach and mentor a diverse student body. Candidates should submit a C.V., statement of research including current funding, statement of teaching, three peer-reviewed publications, teaching and diversity statements, and contact information for up to five references to https://recruit.ap.uci.edu/apply/JPF02813

UCI is one of ten campuses of the highly regarded University of California system. With approximately 29,000 students, 1,100 faculty members, a highly ranked medical school, and over $300 million in extramural research funds during 2012-2013, our campus offers a wealth of opportunities for research collaboration and is routinely ranked among the top 50 universities in the US. Established in 2003, our rapidly growing Program in Public Health offers BA, BS, MPH, and PhD degrees in a variety of emphasis areas. More information is available on our web site at http://publichealth.uci.edu/.

The University of California, Irvine is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, or other protected categories covered by the UC nondiscrimination policy. A recipient of an NSF ADVANCE award for gender equity, UCI is responsive to the needs of dual career couples, supports work-life balance through an array of family-friendly policies, and is dedicated to broadening participation in higher education.
