Join Dr. Bic for a transformational learning opportunity at the Bali Institute for Global Renewal, a premier world learning center in beautiful Bali, Indonesia! As you study public health principles and examine health and disease, you will also work alongside an NGO to investigate, monitor, and identify health problems and hazards in the local Balinese community.

Come meet Dr. Zuzana Bic and listen to presentations by past participants about their experiences.

Learn more about this exciting program, including coursework, activities, housing, and enrollment.
