Program in Public Health: Professor in Global Health (Open Rank)

The Program in Public Health at the University of California, Irvine seeks to recruit a full-time Professor (Assistant, Associate, or Full rank) in the area of global health. The Program is interested in candidates with diverse research interests, including assessments of global burden of disease and injury, infectious diseases, international epidemiology, disease modeling, vector-borne diseases, emerging transnational chronic diseases, global change and population health, and translational research. This is a full-time tenure track appointment.

Successful candidates are expected to produce nationally recognized research, mentor MPH and PhD students, teach at the undergraduate and graduate level, obtain independent or collaborative research funding, and provide professional service to the program, the university and the community. A doctoral degree (e.g., PhD, DrPH, or MD), university teaching and service experience, and research excellence in a relevant field are required. The Program in Public Health recognizes the value of diversity in its faculty and encourages all qualified applicants to apply. The qualified applicant must have the demonstrated ability to work with diverse group of colleagues and teach and mentor a diverse student body.

Candidates should submit a C.V., statement of research including current funding, statement of teaching, three representative peer-reviewed publications, diversity statement, and contact information for five references to https://recruit.ap.uci.edu/apply/JPF03199

UCI is one of ten campuses of the highly regarded University of California system. With approximately 29,000 students, 1,100 faculty members, a highly ranked medical school, and over $300 million in extramural research funds during 2012-2013, our campus offers a wealth of opportunities for research collaboration. Established in 2003, our rapidly growing Program in Public Health offers BA, BS, MPH, and PhD degrees in a variety of emphasis areas. More information is available on our web site at http://publichealth.uci.edu/.

The University of California, Irvine is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, or other protected categories covered by the UC nondiscrimination policy. A recipient of an NSF ADVANCE award for gender equity, UCI is responsive to the needs of dual career couples, supports work-life balance through an array of family-friendly policies, and is dedicated to broadening participation in higher education. Questions or nominations regarding this position should be addressed to Professor Guiyun Yan (guiyuny@uci.edu) with a copy to Mark Cartnal (mcartnal@uci.edu).
