I. MPH REQUIREMENTS

A. CORE REQUIREMENTS

- Public Health 200: Foundations of Public Health
- Public Health 206: Epidemiology for MPH
- Public Health 207A: Probability and Statistics
- Public Health 222: Health Policy and Management
- Public Health 244: Health Behavior Theory
- Public Health 264: Introduction to Environmental Health Sciences
- Public Health 291A-C: Graduate Seminar*
- Public Health 295: Graduate Practicum in Public Health

B. EMPHASIS AREA AND COURSES:

*At least THREE courses worth four units each from your chosen emphasis are required

- Environmental Health:
  - Epidemiology: 205
  - Planning, Policy & Design: 224, 231, 270
  - Public Health: 265, 275, 277A, 277B, 278, 279, 283

- Epidemiology:
  - Epidemiology: 201, 202, 205, 232
  - Public Health: 205, 208, 209, 212, 213, 214, 281
  - Statistics: 201, 202, 203

- Sociocultural Diversity and Health:
  - Chicano/Latino Studies: 210A, 210B, 211A, 211B
  - Psychology & Social Behavior: 258, 262, 268, 273, 274
  - Public Health: 208, 239, 242, 245, 246, 247, 248, 250, 259, 282
  - Social Ecology: 200

C. ELECTIVE MODULE

- THREE 4 Unit Elective courses required

II. PROGRAM REQUIREMENTS

- A student must earn a total of 60 units in the courses specified above to earn an MPH.
- Please see the Public Health Graduate Student Handbook for other graduation requirements.
- The university and the department must verify completion of degree requirements.
- A grade of “B” or above must be earned in all courses in which a letter grade is assigned.
- The sequenced courses on this list count as separate courses towards the emphasis area requirements if each course in the sequence is at least four units.
- All emphasis courses must be four units each.
- Students should consult with their faculty mentors to choose courses that complement each other to create a narrowly focused depth of knowledge in emphasis.
- Courses numbered PH 290 will need to be petitioned as the topics may widely vary.
- Petitions are also needed for classes outside the department that are variable topic or being taught for the first time.
  - The petition must include of copy of the course syllabus.

*PH 291 must be taken for at least 2 quarters*
EMPHASIS COURSES:

ENVIRONMENTAL HEALTH:

EPI 205  Environmental Epidemiology  PubHlth 275  Risk Assessment
PP&D 224  Environmental Politics and Policy  PubHlth 277A  Target Organ Toxicology I
PP&D 231  Transportation and Environmental Health  PubHlth 277B  Target Organ Toxicology II
PP&D 270  Environmental Ethics  PubHlth 278  Industrial Toxicology
PubHlth 265  Advanced Environmental Health Sciences  PubHlth 279  Special Topics in Environmental Health
                 PubHlth 283  Advances in Geographical Information Systems

EPIDEMIOLOGY:

EPI 201  Cancer Epidemiology  PubHlth 212  Intermediate Epidemiology
EPI 202  Genetic Epidemiology  PubHlth 213  International Epidemiology
EPI 205  Environmental Epidemiology  PubHlth 214  Surveillance Systems
EPI 232  Chronic Disease Epidemiology  PubHlth 281  Infectious Disease Epidemiology
PubHlth 205  Advanced Epidemiologic Methods  STATS 201  Statistical Methods for Data Analysis I
PubHlth 208  Advances in Social Epidemiology  STATS 202  Statistical Methods for Data Analysis II
PubHlth 209  Methods of Demographic Analysis  STATS 203  Statistical Methods for Data Analysis III

SOCIOCULTURAL DIVERSITY & HEALTH:

Chic/Lat 210A  Cultural & Historical Precedents For Latinos & Medical Care I  PubHlth 208  Advances in Social Epidemiology
Chic/Lat 210B  Cultural & Historical Precedents For Latinos & Medical Care II  PubHlth 239  Special Topics in Health Policy and Management
Chic/Lat 211A  Latinos/Latinas and Medical Care: Contemporary Issues I  PubHlth 242  Theories of Health Communications
Chic/Lat 211B  Latinos/Latinas and Medical Care: Contemporary Issues II  PubHlth 245  Health Promotion Planning
PSB 258  Health Psychology  PubHlth 246  Social Research Methods
PSB 262  Interpersonal Processes and Health  PubHlth 247  Program Evaluation
PSB 268  Coping with Stress  PubHlth 248  Maternal and Child Health
PSB 273  Biobehavioral Health and Illness  PubHlth 250  Health Status and Care
PSB 274  Psychobiology of Stress  PubHlth 259  Special Topics in Social and Behavioral Sciences
                 SocEcol 200  Seminar in Social Ecology
