Postdoctoral Scholar in Bioinformatics

The Department of Population Health & Disease Prevention, Program in Public Health at the University of California-Irvine seeks a Postdoctoral Scholar to study malaria and its vectors. We are seeking to hire a highly motivated, dedicated individual. Area of particular interests is bioinformatics of malaria or mosquitoes.

The candidates must hold a Ph.D. and possess an outstanding publication record. Candidates should have a strong background in Bioinformatics or Molecular Evolution. Prior research experience on mosquitoes or malaria parasites is not required. Must possess strong communication skills, excellent organizational skills and proficient working knowledge of mosquito biology and vector-borne diseases.

Review of applications will continue until the position is filled. The Program in Public Health recognizes the value of diversity in its faculty and encourages all qualified applicants to apply. Qualified applicants must have the demonstrated ability to work with a diverse group of colleagues.

Application Process:
To apply, please log onto UC Irvine’s recruitment site located at https://recruit.ap.uci.edu/apply/JPF04973

Applicants should complete an online application profile and upload the following application materials electronically to be considered for this position:

1. Cover Letter
2. Curriculum Vitae
3. Statement of Current Research
4. Three reference letters
5. Statement of Contributions to Diversity
   a) This is a separate statement that addresses past and/or potential contributions to diversity, equity and inclusion.

UC Irvine is one of ten campuses of the highly regarded University of California system. With approximately 29,000 students, 1,100 faculty members, a highly ranked medical school, our campus offers a wealth of opportunities for research collaboration and is ranked among the top 10 public universities in the US. Established in 2003, our rapidly growing Program in Public Health offers BA, BS, MPH, and PhD degrees in a variety of emphasis areas. The U.S. News and World Report recently ranked our MPH program as #10 in the country. More information is available on our web site at http://publichealth.uci.edu/.

The University of California, Irvine is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity,
national origin, disability, age, protected veteran status, or other protected categories covered by the UC nondiscrimination policy.
