180 Units – B.S. Requirements Completed

This plan assumes the following:

- Minors require nine courses with 8 units of overlap between major and minor.
- May fulfill all of the Math Requirements through semester units by completing Math 2A/5A and Statistics.
- All major requirements must be taken for a letter grade
- *Research is encouraged but not required.

Required lower- division courses earned through Advanced Placement credit or transfer units may affect the academic plan. Please review your transfer courses through assist.org, or with an advisor. This plan is only a guideline and may vary based on course availability.
